

LITTLE CIRCUS WAGON

Circus Model Builders, Inc. • Vol. 83 No. 1 • Jan/Feb 2021
The CMB is on the Internet at <circusmodelbuilders.club>

To the right is a 1/2" scale (G gauge) model of Ringling Bros. and Barnum & Bailey's bandstand wagon #29. The builder is unknown.

Left, RB&BB bandstand wagon #29 in 1/4" scale (O gauge) modeled by Christopher Johnson.

This one is scratch built from plans, photos and drawings in the LCW. "But it sure helped making this 1/4" scale model to have the older 1/2" scale wagon to inspect".

More photos and details on pages 32-33.

photos from Christopher Johnson
