

**Left Side View**

**Rear View**

Typical spacing between 3" channel supports on the front is 1'

**Front View**

RBBB garage wagon No. 131 for auto in 1952.  
[Ned Kronberg Collection]

**Note from the Supt. of Plans:**

Although this plan was originally labeled Car Wagon No. 99, it does not match the photos of No. 99. No. 99 did not have the channel framing on the outside and had different openings. This plan does match the above photo of No. 131.
