Rear View [W. Bahr Photo]

**Notes:**

The tank as measured is white with all lettering red with a blue pin-stripe around the edges, except for the words Baraboo, WI which is all blue. There is also a blue pinstripe around all sides of the tank approximately 1" in from the edges. Also on the back where the hitch is, was painted red. The tank is all steel construction and all seams, angles, hooks, steps, etc. are welded. The front 2' of the tank is sectioned off and used for storage of hoses, tools, etc. [The truck was painted in RBBB colors sometime before 1996. Sup. of Plans]

July 1996 view after the truck was painted in RBBB scheme
